

**FLEXIBILITY, QUALITY  
and EXPERTISE**

**GAMPACK Group's  
winning mix**

### ***High-tech packaging and end-of-line solutions***

The **GAMPACK Group** is a unique partner specialising in the design and development of robotic systems and competitive solutions for the automation of industrial packaging processes. The Group is the result of the strategic merger between Gampack and FuturaPack, well-established manufacturers situated in the Emilia Packaging Valley, in order to provide final customers with a comprehensive service, ranging from the point at which an idea is developed through to a *turn key* solution for the food & beverage, dairy, cosmetics and pharmaceutical industries.
